# MO&MA

Design by Eros Angelini

## Nuova linea MO&MA: eleganza e funzionalità.

Design e tecnologia si fondono armonicamente nella nuova linea Munari, come in un'opera d'arte moderna. L'unione tra design e materiali innovativi stabilisce standard di raffinatezza ancora più elevati. Fedeli al motto "Create your home", vetro, legno, ceramica e metallo creano con le loro molteplici combinazioni un mobile esclusivo e personalizzato per la zona giorno.

## New MO&MA collection: elegance and functionality.

Design and technology harmoniously come together in the new collection by Munari, like a work of modern art. The combination of design and innovative materials sets even higher standards of refinement. True to the motto "Create your home", glass, wood, ceramic and metal, in a multitude of combinations, create an exclusive customised furniture unit for living spaces.

## Nouvelle ligne MO&MA: élégance et fonctionnalité.

Design et technologie se marient harmonieusement dans la nouvelle ligne Munari, comme dans une œuvre-d'art moderne. L'union entre design et matériaux novateurs établit un standard de raffinement encore plus élevé. Fidèles à la devise "Create your home", le verre, le bois, la céramique et le métal créent, en de multiples combinaisons, un meuble exclusif et personnalisé pour le séjour.

## Elegant Funktional.

Design und Technik verschmelzen bei dem Programm MO&MA und bilden eine Harmonie, wie bei einem modernen Kunstwerk. Die neue Formsprache setzt, in Kombination mit verschiedenen Materialinnovationen, neue Maßstäbe für den anspruchsvollen Wohnbereich. Hierbei werden Eleganz und Funktionalität in gleichem Maße ohne Kompromisse umgesetzt. Ganz nach dem Motto "Create YourHome" können die verschiedenen Werkstoffe in mehreren Ausführungen (Glas / Holz / Keramik / Metall) individuell kombiniert und so das besondere und smarte Möbelstück kreiert.
